

Hi All

These are your friendly neighborhood mismanagement notes!

Attendees: People's Cunt, Bumper, Too Buisy, Sweeps, Did'Ya, S&M&M&M, CockCage SureCock, SuperHole, Splat, Klitty, Bench

Location and time of Mismanagement

it was decided that the Mismanagement would rotate it's location every month. We Will try to have it on the east side, the north side, down town and central. The Mismanagement will be the second Tuesday of the month, and remain at 7:00 pm Red Dress Run:

The hash raised 1300 for charity and had about 86 participants.

Based on the incidents at the Hash Saturday Morning Taco was Banned for a minimum of 1 year for the violence and Red was Banned for a minimum of 1 year for falsely accusing other hashers of attacking her and Taco. They may petition mismanagement in July 2018 to be unbanned.

Based on the incident Friday night, we want to emphasize the importance of safety in our usual toung and cheek way by having a safety hash later this year.

We also will contact Bob and BlowCocks about there wishes regarding the table and fridge that they donated to the raffle. The table was damaged and will be repaired before we do anything with it.

Upcoming Hashes,

The old man hash will be a \$5 hash.

There was rumors that Betty had requested a \$7 hash for the July 29th Cum as your name Hash. This was approved if she wants it.

Hash de Tucson planning will begin in a few weeks. HdT will be November 10-12. No location has been set. We have a few volunteers but will take all the help we can get. A follow up post on HdT will be posted latter.

Sweeps has requested a special Monday Solar Eclipse Hash for August 21st. This was approved.

Start times

Mismanagment wants to encourage Hares away with in 20minutes of the hour.

We discussed moving the start times for fall and winter. A non-binding opinion poll will be posted once I figure out how to do it from my phone. This will be voted on at the next Mismanagement.

Current Bans

There was a request to review and discontinue Abue's Ban. This will be discussed further and voted on at the next Mismanagement.

Discussions:

These are current discussions taking place with no plans for votes.

Hare compensation,

Hash costs

Standards for planing a Hash

Hare School

Creating a get out of snare free card (snare card)

Filling the Calander with place holder events to keep it full so that when visitors cum they see we have events scheduled.

Reminders

Hashers, even the hares may refuse to participate in traditions of the Hash. The goal of the Hash is to be fun and have a good time.

So if a hare is snared they are not obligated to get Floured but if they are game it is part of the fun fear factor of hareing that makes it exciting.

Please sign up for the Meet Me events, this used to be a good resource for new members when we have had several people sign up.

The next Mismanagement will be August 8th at 7pm

May the Hash go in peace!
